## Classroom Representatives

The classroom rep's role is to be a liaison between the School Council and the class which that they are representing.

Classroom reps are asked to bring the opinions, concerns and objectives of the class for which they are representing to our School Council meetings and to relay information back to the parents, students, and teachers of their classroom.

A classroom rep is required to form a good relationship of communication with their child's teacher(s) so that specific needs and interests of the classroom can be supported by both the parents of children in the classroom and by School Council.

Parents are encouraged to bring their own set of skills, talents and ideas to School Council by participating in various School Council committees and assisting with functions held at the school.
