History of Mike Mountain Horse

The name of the school commemorates Mike Mountain Horse Miistatosomitai (1888 – 1986), a war veteran, scout and writer. Born and raised among the Blood tribe, he left home in 1894 to attend an Anglican boarding school. After his brother was killed in World War I, he joined the Canadian army and served overseas in France. Upon his return he worked at various Mounted Police detachments in the Lethbridge area and for the Canadian Pacific Railway. Launching a writing career in the 1920s, he wrote for the local newspapers and prepared a manuscript of the book, "My People the Bloods", published by the Glenbow Museum and Blood Tribal Council in 1979. In the late 1950s Mike Mountain Horse retired to the Blood Reserve where he served one term on the tribal council.

Attendance Procedures

SafeArrival allows you to report your child's absence quickly and conveniently in three different ways:

1. Website - go.schoolmessenger.ca
2. SafeArrival App: App and Google play Stores
3. Call Toll Free number: **1-866-879-1041**

If your child will be late or absent from school, please do the following:

- Call SafeArrival (**1-866-879-1041**) before **7:55am**
- If you miss the **7:55am** deadline do not call the school. Please wait until the SafeArrival system contacts you to excuse the absence or late
- Report half day absences as late arrivals

If a child arrives late, come to the front entrance of the school and ring the doorbell. An office staff member will assist the child.

Dropping Children Off at School

Please use the **North parking lot** to drop children off at school. If you need to park, please park in one of the stalls, otherwise the zone along the sidewalk is for drop-off only. **Please do not park in front of the school - this is a designated bus NO PARKING zone.** Students can be dropped off across the street and cross at the crosswalk for safety.

Releasing Children During the School Day

Students are not permitted to leave the school grounds without permission from the principal or office staff. Students will be released only to parents or guardians listed on the registration form. In the unusual event that someone other than the parent or guardian will be picking up a student, you will need to contact the office staff and the individual picking up the child will need to provide identification prior to the child's release.

Student Illness

All children who are not feeling well should stay home from school. When a child becomes ill at school, the office will contact the parent/guardian to make arrangements to pick up the child. We do not have the facilities to have children remain at school when they are sick.

Children that have communicable diseases must not attend school until there is no risk of spreading his/her illness. The school is required to report outbreaks of certain communicable diseases to the school's health nurse.

Student Medication

Lethbridge School District Policy states that schools are not to administer medication to students unless absolutely necessary. Before administering any medication, including over the counter or prescription drugs, a form must be completed by the student's parent/guardian and physician that provides information on the administration of the medication. If you require a form for medication, please contact the front office staff or use the link below to access the form:

[Medication/Personal Care Request and Authorization - Policy 504.1.1](#)

Important Emergency Information

Sometimes it becomes necessary to close the school without prior notice. This may be due to loss of electricity or water, snow and icy conditions, student disturbances, or impending disaster. Schools will be closed only when there is no other viable option, and the safety of children is at risk. If it becomes necessary to close the school, your child will be sent home. Every attempt will be made to notify parents/guardians of such circumstances through mass media or individual calls. However, this cannot be guaranteed. If parents / guardians are not usually home during school hours, it is their responsibility to make contingency plans for their children.

Emergency Contact Information

It is very important that you identify, for the school, an emergency contact for your child. If your child is hurt, ill, or we must contact you for some reason and cannot, it is critical that we have an individual that we may contact. Please inform this person that you have left his/her name as the emergency contact. Please ensure that your emergency contact lives in or very near to Lethbridge and is available to pick up your child should we contact them.

At MMH, students will have access to a computer lab, classroom i-pads and lap-top carts. These items are used to integrate Information and Communication Technology (ICT) outcomes into a variety of curricular areas. Classrooms are also equipped with a computer, multi-media projection unit, document camera, and a "smart board". Students will have access to a multitude of information that they need when researching material for reports, etc.

Human Growth and Development & *Kids in the Know*

The Human Growth and Development Program is offered to grade 4 and 5 students. These lessons deal with basic life cycle and physical changes that occur as children enter adolescence. Materials used in the classes are available for parents/guardians to view prior to presentations of these classes. Notices will be sent out letting families know when the lessons will be taught so follow up discussions may occur at home. *Kids in the Know* is a personal safety program, written and sponsored by the Canadian Centre for Child Protection. This program is taught in all classes from Kindergarten to Grade 5.

We are extremely proud of the variety of extra programs that provide opportunities for our students!

Field Trips and Community Resources

Throughout the year, teachers look forward to extending and enriching the educational experiences of students by going out into the community or inviting community resource people into the school. Information will be sent home with the students about upcoming field trips planned for their children.

Staff Professional Learning Days

The staff of Mike Mountain Horse School use professional learning days to engage in presentations, workshops and collaboration that increase our teaching skills and support quality instruction. Each year we develop a plan for the coming school year which identifies the learning that we will be focused on during our school's staff learning days. Please see the [MMH Assurance Plan](#) that highlights our areas of focus.

School Discipline Guidelines

Section 31 of the Alberta School Act states the following in relation to the responsibilities of students:

A student shall conduct himself so as to reasonably comply with the following code of conduct:

- (a) attend school regularly and punctually,
- (b) be ready to learn and actively engage in and diligently pursue the student's education,
- (c) ensure the student's conduct contributes to a welcoming, caring, respectful and safe learning environment that respects diversity and fosters a sense of belonging,
- (d) respects the rights of others in the school, 2012 Section 32 Chapter E-0.3 EDUCATION ACT 39
- (e) refrain from, report and not tolerate bullying or bullying behaviour directed toward others in the school, whether or not it occurs within the school building, during the school day, or by electronic means,
- (f) comply with the rules of the school and the policies of the board,
- (g) co-operate with everyone authorized by the board to provide education programs and other services,
- (h) be accountable to the student's teachers and other school staff for the student's conduct, and
- (i) positively contribute to the student's school and community.

Proactive Positive Behaviour

At MMH, we believe in teaching students how to conduct themselves in calm and reasonable ways. We teach social problem solving where students learn to match the size of a reaction with the size of a problem and how to share space, flexibly interact, and regulate emotions. Students learn to survey a social situation, understand group behaviour, consider others' perspectives, think flexibly, negotiate roles and self-regulate to keep emotions and behaviours under control when problems arise. They are taught strategies to help manage and diffuse conflict on their own and when to seek support from an adult if needed.

In the event a conflict arises that students are not able to manage, staff at MMH will support students with conflict management and engage students in restorative practices where repairing the harm done to people and relationships occur.

For students who have challenges with social and emotional regulation, the school will work with families and other professionals to develop tailored plans to support the needs and build capacity of the child to optimize regulation.

36(1) A teacher or a principal may suspend a student in accordance with subsection (2) or (3) if in the opinion of the teacher or principal (a) the student has failed to comply with section 31,

(b) the student has failed to comply with the code of conduct established under section 33(2),

(5) A suspension may not exceed 5 school days, except in accordance with a recommendation for expulsion made by the principal under section 37.

After a suspension, the student, parents, and sometimes other professionals will engage in a processing and restorative session with school administration. This will include exploring underlying issues and developing a plan for the future that includes short- and long-term expectations. Restoration for any harm done will be discussed. Individuals such as the School Counsellor, Psychologist or Learning Support Teacher may attend these meetings.

Youth Engagement Officer

The Lethbridge Regional Police Service have Youth Engagement Officers available to each school. Our youth engagement officer is available to assist students, parents/guardians, and staff with a variety of issues.

Search and Seizure of School or Student Property

As per policy 502.11, Lethbridge School District No. 51 Board believes that enforcement of the Board and/or school rules may, from time to time, require that school administration conduct a search of property and/or the seizure of prohibited or missing items.

The Board authorizes school Principals, in connection with the enforcement of district or school rules, to carry out searches of student desks, lockers, clothing and personal property such as knapsacks, book bags or purses.

The physical search of a student is prohibited. Searches of personal property shall be in accordance with the following:

- Searches shall be conducted in the presence of an adult witness;
- Students may be requested to remove outerwear: hats, jackets, footwear;
- Students may be requested to empty their pockets and contents of any object which may be used to transport, carry or conceal materials.

The Principal shall provide police access to the property of a student (see Policy 504.8 Involvement with Authorized Agencies) or personal information regarding the student without informing the parent in the following circumstances:

- When the police officer is in pursuit after the commission of an offence;
- When the police officer is in possession of a search warrant or subpoena;
- When the police officer possesses blanket powers of search as defined by legislation;
- The Principal is authorized to seize prohibited items.

Practice Lockdowns and Fire Drills

School Lockdowns are practiced with Lethbridge City Police two times/school year. During this time, students practice appropriate lockdown response. Parents/guardians will be notified when practice drills occur.

School Fire Drills occur six times/year. One of the drills is held with the Lethbridge Fire Department. Parents/guardians will be notified when practice drills occur.

Fair Notice of Threat/Risk Assessment

Our School District believes in creating safe and caring environments for students and staff. Any incident where a student engages in behaviour which threatens or appears to threaten the safety of others will be investigated. Administrators can implement a Risk Assessment for behaviours that are worrisome including writing or drawings with violent themes; references to or involvement in violent activity at school; or an increased interest in activities that are deemed as dangerous to the safety of others. A Threat Assessment is implemented when a student threatens to kill or injure others, brings a weapon to school, or makes direct verbal, or written violent threats to others. The Threat/Risk Assessment regulations are outlined in Policy 504.9 available in the School District Policy Handbook available at www.lethsd.ab.ca.

Bussing

In order for students to have a safe and pleasant ride on the bus, students must follow the rules of conduct. The bus is an extension of the classroom and school officials will deal with any misconduct. It is the primary responsibility of the driver to transport students safely to and from school. The driver's attention must be on the road and traffic conditions and not on student behaviour. Buses may be equipped with video cameras and may be used for discipline and safety purposes only. Students may be suspended or expelled from riding the bus if they do not follow the rules of conduct:

Rules of Conduct and Students' Responsibilities

- Follow the directions of the driver
- Students are to remain seated while the bus is in motion and are not to extend any part of their body out the windows
- Standees are not permitted on yellow school buses
- Students may be assigned to specific seats
- No eating on the bus (including candy, drinks, and gum)
- Students who vandalize a bus will be held responsible for the cost of repairs and may lose their riding privileges.
- Inappropriate use of mobile technology is strictly prohibited
- Scuffling, fighting, harassment of other students, smoking, use of obscene language and throwing objects in and out of the bus are prohibited
- Conveyance, using or under the influence of alcohol or controlled substances, prohibited
- The possession, use or conveyance of potentially dangerous items prohibited

Consequences Administered by School Officials

2. 2nd infraction - 1-day suspension
3. 3rd infraction - 3-day suspension
4. 4th infraction - 5-day suspension
5. 5th infraction - suspension of riding privileges. May be appealed to the school board.

Cell Phones and Electronic Devices at School

It is now common for students to carry cell phones, iPads and other electronic devices to school. We recognize that for some families a phone is important for communication between students and parents/caregivers before and after school. Cell phones, however, can be a disruption in the classroom, a safety concern at the playground and a cause for social difficulties. While students can carry cell phones to school, we ask that parents support our efforts for appropriate use by adhering to the following guidelines:

- Do not allow your child to carry a cell phone to school unless it is necessary for before and after school student/parent communication.
- Cell phones must be turned off and kept in zipped backpacks. **Students may not use cell phones in classrooms, hallways or on the playground during the school day.** Cell phones can only be used outside of our building, outside of school hours, unless given permission by your child's classroom teacher. For example, at times, division II teachers will allow students to use the calculator on phones.
- The school office phone and classroom phone is available during the day if it is necessary for parents to call in or students to call out.
- Cell phones are often equipped with cameras. Students may not take pictures at school. In order to satisfy legal requirements around the protection of privacy, photography at school is allowed only for school purposes and with the permission of a staff member. Permitted photos can only be used with parental consent.
- The school takes no responsibility for loss or damage to cell phones, iPads and any other electronic device. Parents send cell phones to school at their own risk.
- In order to encourage positive social interaction, iPods and other music players should not be used on the playground during recess and lunch.

Student Dress

Students are free to dress and present themselves in a manner that reflects their gender identity, gender expression, personal taste and comfort. Expectations related to student dress should not be gender specific (e.g., girls must wear skirts for a formal performance while boys are allowed to wear dress pants).

All students take physical education and should have appropriate gym footwear available. Footwear which is soiled or wet due to inclement weather is not to be worn in the school. It may be helpful to have an extra pair of runners/shoes to be left at the school to ensure students always have something available to wear.

Lost and Found

Lost and found articles are placed on a table across from the kitchen. We make every attempt to have these articles returned to their owners. However, children are not always sure of their things, particularly when many children have similar articles (boots, mitts, jackets). You can help your children and us by labeling everything your child brings to school. At the end of each month, the items that have not been claimed are sent to local charities.

Bicycles, Scooters & Helmets

All students are eligible to ride bikes to school providing they practice safety habits. The guidelines below are designed to ensure the safety of our students.

- Bikes/scooters are not to be ridden on the school grounds or on the sidewalk directly in front of the school.
- Bikes and scooters should be parked in the bike and scooter racks (located in the courtyard on the east side of the school) and locked to prevent theft.
- Students should not ride double on their bikes.
- The school takes no responsibility for loss or damage to bicycles or scooters. Students should realize bikes/scooters are brought to school at their own risk.
- Students must wear helmets.

Skateboards, Heelies, and Rollerblades

Students will not be allowed to use skateboards, heelies, and rollerblades in the school or on the grounds for safety reasons. For heelies, students are to remove the wheels once on the school grounds.

MMH School Song

MMH School Song

We have a special spirit
In the hallways you can hear it
The music and laughter everywhere
We learn to work together
We share with one another
At Mike Mountain Horse we care.

Chorus:

It's the place to be,
The place for you and me.
With a future yet to share
At Mike Mountain Horse we care.

Binders, books, and cases
And kids with happy faces;
Friendship and excitement fill the air.
Rules are meant for everyone.
They make it safe; they make it fun.
At Mike Mountain Horse we're fair.

Chorus:

It's the place to be,
The place for you and m
With a future yet to share
At Mike Mountain Horse we care.

Recess is a fun time
And when we hear the bell chime
We know our learning will resume.
In class we like discussions,
We help to make decisions;
At Mike Mountain Horse there's room.

Chorus:

It's the place to be,
The place for you and m
With a future yet to share
At Mike Mountain Horse we care.
